

GERMANY HAS NOT COMPLIED WITH THE VERSAILLES TREATY

Has Failed to Disarm
According to Agree-
ment

SUPREME COUNCIL
CONSIDERS QUESTION

(By The Associated Press)
PARIS, Jan. 24.—The supreme council, composed of representatives of Great Britain, Italy, France, Belgium and Japan today heard the military experts and later conferred regarding the failure of Germany to disarm as provided for by the treaty of Versailles.

The experts were asked to make a detailed report on the subject of recommendations regarding measures to insure execution of the disarmament clauses of the treaty. The experts will meet tomorrow morning while the council, will contrary to expectations take up the situation, instead of reparations.

The British prime minister, David Lloyd George and the president of the French council, Aristide Briand, it is understood, desire an opportunity to talk over the different phases of the reparations question before the subject comes up before the full council.

May Invite Germans.
In this connection the premier is said to be considering whether it is feasible and advisable to have the German representative sit with the council before the final decision on reparations is taken. The British delegation is believed to favor inviting the Germans to take part in the discussion after the allies come to an understanding among themselves.

Pending a decision on this question Herr Bergmann, the German delegate, is expected to will confer with Louis Loucheur, the French minister of liberated regions, and it is reported he will make an official offer to pay two billion marks in gold within a year, one fourth of that amount in cash.

The eventuality of a German being invited to sit with the council depends partly upon Herr Bergmann's reply to M. Loucheur, who will ask him if Germany has any proposition to make before the allies decide finally on what course they shall pursue to enforce execution of the treaty. The premier is understood to be greatly alarmed at the situation of Austria and will endeavor to find some way for the continued existence of that country. The eastern question, Greece and the treaty of Sevres will be taken up after the council has finished considering the Austrian situation.

ANTHRACITE MEN PRESENT THEIR CASE

Willing to Meet All Justified
Consumers' Demands — Will
Consider Labor in Production
Costs.

Washington, Jan. 24.—Pennsylvania anthracite producers, who are independent of the railroad corporations which control the bulk of production in the industry, today put before the senate committee considering the Calder coal regulation bill a statement indicating their willingness to take steps to meet all justified consumers' complaints. Former Governor Curtis of Maine said the taxation provisions of the Calder bill which would take up to ninety per cent of brokerage fees charged on coal sales when they rise above set maximums would make it "the most stupendous aid to profiteers ever devised."

"As coal men, I've no objections," he said, "but as a citizen I'm telling you what it will do. After some discussion the committee adopted a motion by Senator Reed Democratic of Missouri, extending the inquiry to take in labor considerations and their influence on coal production costs.

Chairman LaFollette summoned both operators and union representatives to appear tomorrow.

FORD CONTINUES TO GAIN IN RECOUNT

Washington, Jan. 24.—At the end of today's recount by the senate committee of ballots cast in the 1918 Michigan senatorial election Henry Ford had a net gain of 5,244. The recount included 1,544 precincts out of 2,332 in the state. Senator Newberry's plurality was about 7,500.

MISS GASTON WILL REMAIN IN KANSAS

Topeka, Kans., Jan. 24.—Despite a controversy alleged to have been started over the salary which the Kansas Anti-Cigarette League was to pay her, Miss Lucy Page Gaston of Chicago will remain in Kansas. Miss Gaston said today she does not intend to shift her activities to Iowa, as reported last night.

INJURED WORLD WAR VET SAVES LIFE OF BABY

Miami, Fla., Jan. 24.—Bob Steele, who lost both legs in the world war, saved the life of a baby girl on the beach here yesterday by pushing his wheeled platform in front of a motor car to whirl her out of the way. The machine knocked Steele over but he escaped with slight injuries.

TEN ARE KILLED WHEN GASOLINE TANK EXPLODES

Score Injured and Great
Property Damage
Done

SPONTANEOUS COMBUSTION CAUSE

(By The Associated Press)
MEMPHIS, Tenn., Jan. 24.—Ten negroes were killed, a score were injured some probably fatally and property damage estimated at \$200,000 was caused today by an explosion of gasoline in a tank car at the plant of the Colyar-Rees company. The blast wrecked a part of the oil plant, levelled a block of frame dwellings and shook the entire north end of the city.

Of the injured, two are white persons—L. C. Scott, superintendent of the plant, and L. C. Wilder, truck superintendent. Both were badly burned but physicians tonight said they would recover. Colyar Reese, president of the oil company attributed the explosion to spontaneous combustion by the vapor escaping from the tank car when the metallic cap was removed. The car was being unloaded when it came in contact with the atmosphere. The car which contained 8,000 gallons of casing head gasoline produced by the absorption process was shipped here from Kellyville, Okla., Mr. Reese stated, and was loaded in a low temperature. When the cap was removed, according to this theory the vapor came in contact with much higher atmospheric conditions here and the explosion followed.

Explosion Wrecks Houses.
The force of the explosion wrecked a row of frame tenement houses along an entire block. The occupants were blown to the street or caught under falling timbers. When police and firemen reached the scene, streets and alleys were covered with splintered timbers and torn and twisted household goods with the dead and injured caught in the tangled mass.

Andrew McKinley, the negro who removed the dome from the tank car when the explosion occurred, was hurled several hundred feet. He was badly burned and died tonight.

McKinley was quoted as saying that when he removed the cap, gas rose to a height of twenty feet and formed a pall of black smoke which ignited and exploded. Almost simultaneously pools of oil on the ground caught fire and a second explosion occurred.

One report was that McKinley used a chisel in attempts to remove the cap from the car. This, however, could not be verified. Mr. Reese stated that his investigation disproved any theory other than the explosion was caused by spontaneous combustion.

INCREASE GRANTED ALL RHODES SCHOLARSHIPS

BOSTON, Jan. 24.—Temporary increase of the stipend granted all Rhodes scholars from \$3,000 to \$3,500 a year was announced today by Frank Aydelotte, American secretary of the Rhodes' Scholarships.

The statement says the trustees regard the additional \$500 as a bonus and not as a permanent addition to the scholarship because they cannot be certain either of the value of money in future years or of their own capacity to continue the payment indefinitely. At the same time they wish it clearly understood that the bonus will not be withdrawn without adequate notice and certainly not in any case here a candidate has been elected in expectation of receiving it.

TWO AUTOMOBILES TAKEN FROM RIVER

Chicago, Jan. 22.—Two automobiles believed by the police to have been stolen were recovered from the Chicago river today. Reports to the police that an automobile containing four men and two women was seen speeding toward the river Saturday night led the police to search the stream in the belief that a tragedy had occurred, no trace of bodies was found.

FORMER GOVERNOR COX WILL VISIT EUROPE

Washington, Jan. 24.—Former Governor James M. Cox of Ohio, Democratic presidential candidate last year, arrived here today and during his stay will confer with a number of Democratic leaders. He was accompanied by Mrs. Cox and they are guests at the home of T. T. Ashberry.

Mr. and Mrs. Cox plan to visit Europe and while here they will obtain passports from the state department.

BILL REGULATING MEAT PACKERS IS PASSED BY SENATE

Subject of Bitter Con-
troversy for Last
Decade

PARTY POLITICS
LACKING IN VOTE

(By The Associated Press)
WASHINGTON, Jan. 24.—By a margin of thirteen votes, the senate late today passed a long fought bill for federal regulation of the meat packers and other agencies of the livestock industry. The vote was 46 to 33 and the legislation the center of bitter controversy for a decade, now goes to the house with its supporters hopeful of final action during the present session of congress. A special rule to expedite house action is to be sought.

Partisan division in the senate was lacking, but most Democrats supported the bill while a majority of Republicans opposed it. The party lineup was eighteen Republicans and twenty eight Democrats for passage, with twenty three Republicans and ten Democrats against.

The bill would create a federal livestock commission of three members appointed by the president to have jurisdiction over livestock industry. The commission would have the power to issue orders, collect and disseminate information, have access to packers' books and have general supervision over packers, stock yards, commission men and similar agencies. Review of the livestock commission's orders would be provided by the bill which also prescribes rules for conduct of the packing business and stipulates against monopoly and unfair trade practices, engaging in unrelated industries and other similar acts.

STORMY TIMES AHEAD FOR STATE HARD ROADS

Possibility of Numerous Attacks on
Proposed Routings — Many
Want Route Changed to Touch
Their Towns.

(By The Associated Press)
Springfield, Ill., Jan. 24.—Possibility of numerous attacks upon the announced routings of highways of the \$30,000,000 bond issue system, as decided by state officials, is seen in the suit for injunction against Governor Small and the State Department of Public Works and Buildings, filed in the circuit court in Murphysboro, and due to be decided next Saturday. The suit for injunction was filed by residents of the town of Makanda in Jackson county, who seek to have the bond issue highway re-routed and made to touch their village. As now proposed the hard road will be built two miles away.

Should Circuit Judge Butler of Murphysboro allow the injunction, Governor Small will immediately appeal to the Supreme court. This single community is given privilege to demand a re-routing of the Division of Highways expects to be determined at a meeting of the highway board on all over the state, and its work already done, turned into confusion.

Attempts have been made from some parts of the state to bring political pressure to bear, in the hope that proposed routes may be changed. The state's side in the Makanda case was argued in the Jackson county court by two assistants to the attorney general from this city.

DENIES RUMORS OF FRENCH LOAN

NEW YORK, Jan. 24.—Rumors that a loan of \$100,000,000 was about to be negotiated in this country by the French government, were denied here tonight by M. Maurice Casenave, minister plenipotentiary, director general of the French services in the United States, who in a statement said that there was no necessity for such an operation at this time.

M. Casenave said the French government has made arrangements to pay on February 1 of this year \$10,000,000 to the United States treasury, being semi-annual interest on the \$400,000,000 bonds of the French government delivered in payment for United States army materials purchased after the signing of the armistice.

ENGLAND HAS REDUCED HER DEBT TO U. S.

Washington, Jan. 24.—Great Britain last year reduced its floating debt in the United States by nearly \$100,000,000, the department of commerce was informed today by Consul General Skinner at London. The dispatch said that at the end of last November the British floating debt in this country was \$7,045,000, consisting of three months' treasury bills amounting to \$28,815,000 and sterling treasury bill of 12 months, amounting to \$28,590,000. At the end of November, 1919, the floating debt was \$150,914,000.

This is exclusive of long time loans obtained by Great Britain from the American government and bankers.

SHREVEPORT, La., Jan. 24.—The Standard Oil Company today announced a reduction of 50 cents a barrel in the price of Caddo heavy oil, making the new price of Pine crude \$2 a barrel. No other grades of crude oil are affected by the action the first of its kind to be taken in the Louisiana fields.

WASHINGTON, Jan. 24.—Investigation of complaints that the International Harvest Company had announced its intention of increasing prices of some of its farm machinery products was called for in a resolution today by Representative Jones, Democrat, Texas.

RATE CONTROVERSY BRINGS RAILROAD MEN IN CONFERENCE

New England Roads Want
Better Division of
Rates

NO DECISION IS
YET REACHED

(By The Associated Press)
WASHINGTON, Jan. 24.—Presidents of eleven of the largest railroads of the east met in conference here today at the request of Chairman Clark of the interstate commerce commission to settle, as it were, out of court the controversy arising from the request of New England carriers for a greater division of freight rates inter-

larded with trunk lines west of the Hudson river. Eight hours of conferences continuing through the day and into the night, brought no unanimous decision from the 11 presidents and B. M. Robinson, president of the American Short Line Railroad association who met with them, but it was said that the executive with two exceptions were agreed that the New England roads must obtain additional revenues or be forced into bankruptcy.

Participating in today's conference were among others the following railroad presidents: Samuel Rea of the Pennsylvania; Daniel Willard, Baltimore and Ohio; F. H. Africa, New York and Erie; W. H. Williams, Washburn and Main; and J. W. Williams, Washburn and Main. The executives were said to represent not only their own lines but all railroads holding membership in the association of railway executives. The decision in the controversy as to the division of freight rates at the Hudson river also was said, will affect practically every railroad of any size in the country.

LINCOLN MEMORIAL NEARING COMPLETION

WASHINGTON, Jan. 24.—A date and program for the dedication of the Lincoln Memorial, now nearing completion, are expected to be determined at a meeting of the Lincoln Memorial commission here next Saturday. Former President Taft, now in Bermuda, it was announced tonight, will return to this country in time to preside at the meeting as president of the commission.

The ceremonies of the dedication, according to plans now under consideration, will include as participants, Mr. Taft, Woodrow Wilson and Warren G. Harding, as former presidents and president of the United States and diplomats from European and South American countries as well as official representatives from all sections of the country. Illinois will be prominently represented and the south too will be given a notable part.

ELECTORAL VOTES OF SIX STATES NOT IN

Washington, Jan. 24.—Electoral votes from six states, Indiana, Maryland, Nevada, North Carolina, Oregon and Utah, had not arrived as required by law when Vice-President Marshall closed his office tonight. Returns which have been mailed, however, from some of the states may be used at the joint session of congress February 9 to count the votes for president and vice president.

POLICE SEARCH FOR STREET CAR ROBBERS

Chicago, Jan. 24.—Squads of motorcycle police today were searching for four robbers who held up three street cars late last night on the south side, terrorizing passengers, forcing the conductors to hand over their cash boxes and then escaping in their automobile which closely trailed the street car.

AFTON, Minn., Jan. 24.—An armed, masked bandit robbed the Bank of Afton of \$100 in cash and \$1,500 in bonds today after locking both cashier and bookkeeper in the bank vault. Working with a screw driver the cashier and bookkeeper released themselves from the vault five minutes after the robbery and notified the authorities.

WASHINGTON, Jan. 24.—President Wilson recommended continuance of the airmail service in a message sent today to congress. The postoffice appropriation bill as recently passed by the house made no appropriation for the air mail service.

BRIDGEPORT, Conn., Jan. 24.—Operation of the Remington Arms Union Metallic Cartridge Company, employing 3,500 persons three days a week with a cut in wages, was resumed today.

DETROIT, Mich., Jan. 24.—The Michigan public utilities commission was permanently restrained by the federal court here from reducing railway passenger rates from three to two and a half cents a mile within the state. The order was issued on application of thirteen Michigan roads.

PHOENIX, Ariz., Jan. 24.—A bill to prohibit dancing in the public schools of Arizona was introduced in the lower house of the state legislature today. Its provisions would include the state university.

TOBACCO GROWERS ARE THREATENED BY MASKED MEN

Want the 1920 Crop Held
and the 1921 Crop
Cut Out

HIGHER PRICES
PREVAILED MONDAY

(By The Associated Press)
LEXINGTON, Ky., Jan. 24.—Reports tonight from Blue Grass counties where masked men Saturday night threatened several tobacco growers with violence unless the present crop is held and the 1921 crop cut out, gave no indications of further night riding, but prices at warehouses throughout the Lexington district were higher today, the average being from \$2 to \$5 a hundred better than the average for the season. At Flemingsburg, county seat of Fleming county where the night riders were especially active on Saturday night 108,400 pounds were sold at an average of \$15.80 a hundred.

Judge Richard Stollings giving his charge to the Fayette county grand jury today urged prompt action by that body in case any night riding is attempted in Fayette county and a similar charge was given in the Montgomery county circuit court.

A strike of the unskilled laborers at the Lexington loose market was called tonight. An increase in wages from \$2 to \$3 per day is sought by the 300 laborers who have set Wednesday noon for the walkout.

WOULD REVOLUTIONIZE PRESENT COURT SYSTEM

Iowa Legislature Would Abolish
Extra Court System and Unify
All Into One—Grand Jury Sys-
tem Would be Abolished.

Des Moines, Iowa, Jan. 24.—The opening of the third week of the session of the 39th general assembly today was featured by the introduction of a bill by Representative L. H. Mayne of Palo Alto, which would revolutionize the entire court system of the state, abolishing existing branches and unifying all into one.

The bill also urges the abolition of the present grand jury indictment system and the substitution of a complaint or information by the prosecuting attorney upon order of a judge.

It provides for five divisions of the one court which include all the present branches and adds a domestic relations branch which is not now in existence.

The senate's session was marked by a sharp tilt over the question of advancing the interest rate on school bonds from 5 to 6 per cent. The proposal was brought before the senate by Senator Whitmore of Wappalo county. It met with unexpected opposition led by Senator Edward Smith.

CAPTAIN STREETER OF CHICAGO IS DEAD

Chicago, Jan. 24.—Captain George Wellington Streeter, chief figure in one of the most picturesque legal struggles ever enacted in Chicago is dead. Captain Streeter was champion to the title for a large section of the near north side, along Lake Michigan, and commonly known as Streeterville.

His death occurred Saturday night on a little houseboat where he had made his home, it became known today.

ILLINOIS WILL BE ASKED TO PROVIDE SOLDIERS' BONUS

Legion Posts Vote Over-
whelmingly in
Favor of Bill

CONSCIENTIOUS
OBJECTORS EXCLUDED

(By The Associated Press)
SPRINGFIELD, Ill., Jan. 24.—A state bonus for world war veterans will be asked of the 52nd general assembly by the American Legion as a result of recent referendum in all the posts of the state in which 93 per cent of the members voted in favor of the bonus. The result of the referendum was made public tonight by Commander William McCauley following a meeting of the executive committee of the department of Illinois.

In the bonus bill which will be introduced in the house by Representative D. S. Myers of Pontiac, conscientious objectors will be excluded from the benefits of the proposed act. Service requirements to receive benefits of the bonus will range from a minimum of two months to a maximum of twenty months.

In the vote on preferred compensation 54 per cent of the members voted for cash payment, 8 per cent favored aid in buying a farm or reclaimed land, 13 per cent aid in buying a city home, 10 per cent aid in securing an education or learning a trade and 15 per cent paid-up insurance.

The American Legion's legislation for re-dedication of the Illinois Soldiers' Orphans' Home to the Veterans of the World War and improvement of the institution together with legislation affecting the Soldiers and Sailors' Home at Quincy and the Soldiers' Widows' Home at Wilmington will be handled in Bills to be introduced by Senator Frank O. Hanson of Bloomington and Representative Earl B. Searcy, former state adjutant of Springfield.

PASSENGER RATES ARE RAISED IN IOWA

Order Issued By Interstate Com-
merce Commission — Will
Make Twenty Per Cent In-
crease.

(By The Associated Press)
Washington, Jan. 24.—State passenger fares in Iowa must be raised to the same level as those prevailing in interstate commerce, the interstate commerce commission ruled today. The present rates discriminated against the interstate rates.

The commission said that the Iowa case was similar in many respects to the New York and Wisconsin cases on which similar ruling were made. The fares involved which are to be raised on or before March 1, include a 20 per cent increase in passenger fares and a 50 per cent increase in Pullman rates.

"So long as different basis of fares are in effect intra-state and interstate and no surcharges upon sleeping and parlor car passengers are in effect in state traffic," the commission said, "it is possible for interstate passengers to buy separate tickets for that portion of their journey within the state of Iowa, the total charges being less than those that would accrue at the thru interstate rates. This practice, which it is practically impossible to prevent not only reduces passenger service but results in greater expense for printing and selling tickets and auditing slow operation, reduces the amount of sleeping and parlor car surcharges."

SHUBERT VAUDEVILLE CO. INCORPORATES

NEW YORK, Jan. 24.—Incorporation of the Shubert Advanced Vaudeville Company under the laws of Delaware with a capitalization of \$20,000,000 was announced here today by Lee Shubert, who, with his brother, J. J. Shubert, will direct vaudeville performances in more than 20 leading cities next season.

The Shuberts have operated a string of "legitimate" theaters for many years.

Among eighteen principal cities so far included in the new circuit are Chicago, Detroit, Buffalo, Kansas City and St. Louis.

JEWELRY STOLEN

HARDING WILL TAKE OATH ON HISTORIC STAND

Washington, Jan. 24.—The small stand first used at the inauguration of Abraham Lincoln and every inauguration since except when William Howard Taft became president, will be used on March 4, when Warren G. Harding takes the oath of office. The exception in the case of Mr. Taft was because the ceremony occurred in the senate chamber on account of the weather.

BETHLEHEM STEEL HEAD EXPLAINS SCHWAB VOUCHER

Was for Expenses of Himself
and His Office
Force

\$100,000 NOT CHARGED
TO COST OF SHIPS

(By The Associated Press)

NEW YORK, Jan. 42.—Eugene R. Grace, president of the Bethlehem Steel corporation, appeared tonight before the Walsh congressional committee investigating the affairs of the United States shipping board and corroborated the testimony of Charles M. Schwab that no part of the latter's personal expenses as an officer of the emergency fleet corporation had been charged to ship construction.

Col. E. H. Abadie, former controller general of the board and Perley Morse, an accountant, previously had notified the committee of the discovery of a voucher for \$269,543.53, alleged to cover personal expenditures of Mr. Schwab during October, 1918, when he was director-general of the fleet corporation. An audit of the Bethlehem shipbuilding corporation's books, they added, disclosed that \$100,000 of this amount had been charged ship construction. Mr. Morse explained however, that when he made his report concerning the voucher he did not certify and cannot now say, whether this item was not eventually allocated or changed.

For Organization Expenses.
Mr. Grace explained that the payment of \$269,543.53 had been made to Mr. Schwab in accordance with the regular method pursued in reimbursing Mr. Schwab for expenditures made by him and his office organization in connection with the company's business.

In distributing this item among the various departments of the business \$100,000 of it was charged to the Bethlehem Shipbuilding corporation, which is a Bethlehem subsidiary in charge of shipbuilding. It was not charged the witness said, to the cost of ships as had been testified by Col. Abadie.

As a matter of fact, Mr. Grace added, the Bethlehem company never claimed this \$100,000 was an item of cost against government ships, but charged that amount to profit and loss.

CHARGED WITH KILLING HIGH SCHOOL GIRL

PHILADELPHIA, Jan. 24.—Charles Edwin King, twenty one years old, was arrested today charged with the killing of Arlene May Stout, 17 years old high school girl, who was found dead in her home, October 19 with a bullet wound in her shoulder.

The warrant for the arrest, sworn out by Freeman M. Stout, the girl's father charges King with homicide. King was arrested in Bristol and brought to this city. King today declared that he was innocent. He said he had been with the girl the afternoon before her death but had left her early and heard of the shooting in Bristol the following day.

Miss Stout was found on a couch by her father. She was clad in a night gown. An army revolver, which Stout kept in a desk drawer in the hallway lay beside her with one cartridge discharged.

SHOOTS WIFE AND CALLS FOR POLICE

OMAHA, Neb., Jan. 24.—W. E. Burton, who told the police he was a theatrical broker from Kansas City called the police station by telephone from an apartment late today and said he had just shot his wife. The police responding to the call, found Mrs. Burton shot thru the head. Burton, according to the police, said his wife had not "played square" with him. She was taken to a hospital where her condition was described as critical.

BOY ESCAPES FROM DETENTION HOME

Racine, Wis., Jan. 24.—Clad only in a night shirt and bed blanket Ed Ruszko, 15, escaped from the detention home here early today and is still at large. The police searched for him all day, expecting that the chilling wind would cause him to give himself up. The lad is under parole from the Waukesha industrial school and was arrested recently while attempting to force an entrance into a hardware store. Ruszko twisted a bar from the window of his cell and squeezed thru to liberty.

WILSON APPROVES CONTINUANCE OF AIRMAIL SERVICE

Tells Congress Its
Practicability Dem-
onstrated

APPROPRIATION TO
CONTINUE SERVICE

(By The Associated Press)

WASHINGTON, Jan. 24.—President Wilson transmitted to congress today, with his concurrence a report from the National Advisory committee for aeronautics recommending continuance of the air mail service.

The report, which is quite voluminous and was accompanied by only a brief letter of transmission asked continuance of the air mail service which the house recently voted against, on the ground that it provided, a necessary means for the development of the civil air craft activities of the nation. Airmail Service Practicable.
The airmail service the report asserted had demonstrated the practicability of heavier than air planes for civil as well as for military uses. The value of the service, the report added might not be apparent in the terms of dollars and cents but would be easily seen should the nation again be called upon to mobilize its air forces.

The report was signed by Joseph S. Ames, chairman of the executive committee of the national advisory committee which is an official body composed of representatives of the army and navy and several prominent civilians.

The postoffice bill in which appropriations for air mail service are embodied is now before the senate postoffice committee. Unless the senate makes provision for the service no funds will be available for it after next June 30, the house having eliminated an appropriation of \$1,250,000.

PRESIDENT-ELECT REACHES ROCK LEDGE ON HOUSEBOAT TRIP

Spent Night With a Brother
of Mrs. Harding

PARTY HAS
DONE NO FISHING

(By The Associated Press)

ROCK LEDGE, Fla., Jan. 24.—President-elect Harding reached here this afternoon in his houseboat cruise down the Florida coast and spent the night as the guest of Mrs. Harding's brother, Clifford Kling, who is a winter resident of Rock Ledge.

The houseboat Victoria, took her time during the day sailing down the sleepy semi-tropical reaches of the Indian river and did not arrive here until after 4 p. m. Mr. Harding and his companions on the cruise played a round of golf, however, before dinner.

Leaving here tomorrow morning the Victoria will probably reach Vero her next station before night fall. So far the party has done no fishing and that part of the vacation program may be postponed entirely until the house boat leaves Miami this week on her way back.

It is also possible that the president-elect will spend several days on the fishing grounds around Miami.

NAVY LIEUTENANT FOUND NOT GUILTY

CHICAGO, Jan. 24.—A naval court martial sitting at the Great Lakes Station today found Lieutenant F. F. Decker, former personnel officer of the station aviation section not guilty of embellishment of the Great Lakes athletic fund of \$2,500 and returned him to active duty.

Decker disappeared from the station last October after reporting that the \$2,500 had been stolen from his desk. He returned a week later and has been held under technical arrest since.

Some more figures with reference to prohibition have been published and go to show that the prohibition act has saved the people of the U. S. in one year's time at least \$1,000,000,000 usually spent for drink. So the money thus saved must either be in the banks or have been expended for other commodities.

A billion dollars would have sounded much more impressive before the war time, that is, before the people became acquainted with big figures.

Downstate leaders of the American Legion are seeking legislation which will benefit every ex-service man in Illinois. Some of the Chicago Legionnaires propose instead political appointments for a few. The downstate plan shows the better judgment. The war result was not won from the activities of a few. That result was possible because the thousands answered the call to service. Then there is the other point, that the Legion is likely to weaken its influence if it enters factional strife and gives its endorsement to a few selected individuals.

IT'S A WORLD PROBLEM
Notwithstanding some talk in the senate, the name of Herbert Hoover is one of the strongest in the U. S.—and for that matter, in a world area. This has happened both because of the Hoover record in the war time and the

knowledge that he has a grasp of world conditions.

It was for this reason that his testimony in Washington concerning the bill purporting to prevent hedging on grain exchanges received more attention than the statements of any other witnesses.

Mr. Hoover voiced the thought that the passage of the suggested law would mean that grain dealers must turn to the Liverpool market for their hedging arrangements. This would of course mean larger control for England in the market affairs of the world. Seemingly it had not occurred to other men down at Washington that they were discussing a piece of legislation with a world-wide import.

DEFECTS IN CO-OPERATIVE MOVEMENTS.

The closing of a co-operative store conducted by employees of the treasury department at Washington, furnishes an appropriate text for a few pertinent observations on the subject of co-operative movements in general, and government operation or co-operative movement toward which the co-operative movement tends.

The store conducted by the employees had the use of some government space in buildings for their enterprise. The scheme was started in an effort to beat the high cost of living, in the belief that by buying wholesale the large group of employees could get supplies at prices lower than charged by the retail stores. There were originally some 6,200 members of the co-operative association but 1700 dropped out. Each of them had paid in a membership fee of \$5 as working capital and the 1700 got their money back. Whether the remaining 4,500 will get all or a considerable part of their investment remains to be seen.

Press dispatches say that the reason for the abandonment of the store could not compete in service with the chain stores which are located in all parts of the city and which provided the members of the association with convenient sources of supply near their homes. Those who bought from

the association store were compelled to carry their purchases home on the street cars, and, quite likely, found themselves subjected to much delay in securing service because there was only one store to serve the 6,000 members.

This matter of service is a large factor in all kinds of business, and it is in this respect that government operation, or any sort of co-operative operation fails. One of the early acts of the Railroad Administration was to consolidate the ticket offices of the various railroad companies in the larger cities. On the face of it, this was an economy. There was a very manifest saving in rents; there was an apparent saving in clerical assistance, and there may have been other indications of economy. But the public did not like the consolidation, and, on return of the roads to private management, the separate ticket offices are being opened again. With the consolidated ticket office in control of all the ticket selling, the patron could take the service he was given or go without. The natural development was a spirit of bantahness sometimes bordering on insolence on the part of the ticket sellers.

WHY NOT HAVE A HOOVER BANQUET?

In another column appears the story of a banquet arrangement Bloomington people are making as an aid to the European relief fund. It is to be a genuine Hoover banquet, patterned after the New York affair. The menu will include the plain things of the very kind it is proposed to send overseas. The service will be just as plain and practically every cent of the dollars contributed will go directly into the relief fund. Tickets are being sold at \$10 and upward, and it is said that one Bloomington resident has paid \$1,000 for his ticket.

Here are four unanswerable reasons why the U. S. should hear and heed this call for the suffering of the European boys and girls who are at least just for the present the wards of this country:

One, for the sake of the children themselves;

Two, for the sake of the Europe of tomorrow;

Three, for the sake of the Christian faith;

Four, for the sake of America herself.

Bloomington, McLean county and Central Illinois must not turn a deaf ear.

POST-ARMISTICE INFLATION.

(New York Journal of Commerce.) Data compiled recently by the statistician of a large New York bank throw an interesting light on the present financial difficulties of many of the nations of the world. According to these figures the national debts of the various countries of the world (with the exception of Russia) which aggregated \$43,000,000,000 in 1913 and which totaled some \$212,000,000,000 at the date of the armistice had risen to some \$300,000,000,000 by November, 1920. The paper currency of the same countries totaled about \$7,500,000,000 in 1913, \$43,000,000,000 at the date of the armistice and \$82,000,000,000 in November, 1920. The ratio of gold to paper currency averaged 66.3 per cent in 1913, 17.6 at the close of hostilities and 9.2 percent at the second anniversary of the armistice. Annual interest charges on national debts amounted to about \$1,750,000,000 per annum prior to the war, to some \$9,000,000,000 at the close of the war, and is now more than \$12,000,000,000.

Inflation of currencies and enlargements of debts in the post-

war period as well as during actual hostilities took place to a larger degree in Europe than elsewhere. National debts in North and South America actually declined during the second year of peace and remained about constant in Asia, Oceania and Africa, but in Europe we find an increase of \$45,000,000,000 during the year just ended. During 1920 the paper currencies of Europe increased \$26,000,000,000, as against an increase of \$2,000,000,000 in North and South America. At present Europe's share of the national debts of the world is certain not less than 85 percent, and of paper currency little less than 9 percent.

The situation depicted by these figures is, of course, one that is in a general way already familiar to the business world. But grouped in this way these data serve to present in somewhat striking fashion a set of facts which we no longer care to ignore. Evidence is not wanting that in some sections of Europe at least the realization that salvation lies in economy and hard work is beginning to take hold of the people at large. In some countries then, notably in England, the importance of fiscal and banking reform is fairly fully realized and real progress is being made. However, the war-stricken sections of Europe generally a great deal has yet to be done industrially and particularly in fiscal and financial matters before they can fully satisfy the ordinary business requirements of security for large loans.

1921 INCOME TAX FACTS YOU SHOULD KNOW

The Bureau of Internal Revenue has at its command innumerable sources for checking up delinquents. Under the "information source" provision of the revenue act report must be made by all persons, trustees, guardians, fiduciaries, and by partnerships, personal service corporations, and organizations, of payment to others during the year 1920 of \$1,000 or more. The act requires report of payments "of all fixed and determinable income," such as salaries, wages, rents, commissions and royalties. The requirement is not limited to periodical payments, but a single payment of \$1,000 or over as a fee to a lawyer of commissions to a broker must be included.

A separate return of information for each employee whose salary for 1920 was \$1,000 or more is required of employers. The return must show the name and address of each recipient and the amount paid. Partnership, personal service corporation, and fiduciary returns must disclose the proportionate share paid or credited to each member of the partnership, personal service corporation, or to each beneficiary regardless of the amount. Information returns may be required also regardless of the amount in the case of payment of interest upon bonds, mortgages, deeds of trust, or other obligations of a corporation.

Filed at Washington
Returns of information must be filed with the Commissioner of Internal Revenue, Sorting Section, Washington, D. C. Collections of internal revenue are not authorized to receive such returns. Forms on which the returns must be made may be obtained, however, from the offices of collectors.

Approximately 10,000,000 information returns showing payments during 1919 of \$1,000 or more of wages, rents, commissions, etc., were received in the year 1920. In addition the bureau received 4,500,000 ownership certificates revealing the payment of bond interests and 1,800,000 reports of the payment of interest and dividends on bonds and stocks of foreign countries and corporations, which are collected through the domestic offices of these corporations and through the regular banking system of the United States.

Returns Carefully Checked
When directed by the Commissioner of Internal Revenue or by general regulations brokers may be required to render a return showing the names and addresses of customers to whom payments were made or for whom business was transacted.

Information returns are carefully checked with the returns of individuals, and where it is shown that a payment of \$1,000 or more has been made to John Doe and John Doe has failed to report this payment in his individual return quick action by the Bureau of Internal Revenue follows. Thousands of delinquents have been discovered and interest aggregating hundreds of thousands of dollars have been collected as the result of this audit.

The period for filing returns of information is from January 1 to March 15, 1921. Persons required to make such returns and who fail to do so are subject to the same penalties which apply to a person failing to make a return of individual income.

WINCHESTER MASONS ATTENDED FUNERAL

Members of Masonic Order Attended Funeral at Glasgow Sunday Other Winchester News Notes of Interest.

Winchester, Jan. 24.—Quite a number of Masons attended the funeral of Willis Adams at Glasgow Sunday afternoon. Among the number were John C. Cowick, Earl E. Frost, David Hamilton, William G. Watt, J. W. Kellem, Judge F. C. Funk, Leo McLaughlin, James Overton, Bert M. Coultas, Maurice Sweet, T. J. Priest, M. W. Sappington, Melvin Murray and Dr. William Wainwright.

A regular meeting of the Eastern Star was held Monday night. Following work refreshments were served and the session was a most interesting one.

The special meeting of Winchester lodge No. 105, Masons, Thursday night there will be work, and a full attendance of members is desired.

Mrs. Robert Allan Jr., and baby left Sunday night for Chicago to visit relatives.

Mrs. C. H. Condit left Monday for a short visit in St. Louis. Announcement has been made of a change in the firm of Overton, dealers in automobile accessories. Mr. Coe has purchased Mr. Overton's interest in the business. The firm will hereafter be known as Coe & Krueger.

The school in district No. 29 has received the diploma and plate which entitles it to be known as a standard school house. Warm meals are served at noon and in other ways the school is conducted along modern lines. Miss Helen Kinison is the teacher.

A large number of Odd Fellows went to White Hall Monday night to attend the session of the Odd Fellows lodge there.

Mrs. A. P. Grout and Miss Mary Woodall left Monday for a few days' visit in Chicago.

George Peak and son received a shipment of automobiles Monday.

E. N. Lucas of Blackburn university filled the pulpit at the Presbyterian church Sunday evening. Announcement of the service was not made until a late hour and so the attendance was not as large as would otherwise have been true.

ARMENIA'S CONDITIONS PRESENTED IN ADDRESS

Rev. W. T. English Heard by Large Audience at Congregational Forum.

There was a good attendance at the second forum meeting of the season, at the Congregational church Sunday evening. The address was exceptionally strong, giving a vivid picture of conditions in Armenia. The speaker was Rev. William F. English, Jr., of Chicago, secretary of the American Board of Commissioners for Foreign Missions. The subject was: "An Epistle to the Armenians." The address dealt with present-day conditions in Armenia and called for some definite and immediate action by the powers in regard to the present serious situation in Turkey. Mr. English spent his boyhood in Turkey as the son of a missionary and during the war directed the work of the Near East Relief Commission in Massachusetts.

The speaker outlined the noble history of the Armenian people as that of a prosperous, peace loving folk who had built up a strong nation against great obstacles of persecution and inefficient government. He called attention to the fact that the Armenians were the first nation to adopt Christianity or a national faith and that they had maintained that faith since its adoption in 289 A. D. They were our allies in the world war and rendered a noble and valiant service in the defense of the northern border, thereby contributing directly to the success of General Allenby and subsequently becoming recognized or a republic by the others.

Mr. English emphasized the fact that, by all concerned, America is looked upon as the one power that can save these heroic people. He urged the continuation of the necessary temporary relief, but especially urged that the United States take the leadership in some definite action by the allied powers to make the remnant of the Armenian people before it is too late. The present situation is most serious and demands immediate action. The lecture was full of new and up-to-date facts and was followed with much interest.

NOTICE TO TAXPAYERS

The tax books are now in the collectors office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

JURY MADE FINDING IN BODDY CASE

Opinion Spoken In Verdict Is That Speeding Car Caused Death.

The coroner's jury which investigated the death of Mrs. Anna M. Boddy, returned a verdict Monday morning. Mrs. Boddy was struck by an automobile at the intersection of Church and State streets last Wednesday night, and died a few minutes later. The inquest was conducted by Coroner Rose and in the opinion of the jury, the car which caused Mrs. Boddy's death was being driven at an unlawful speed.

The verdict of the jury was: "Mrs. Anna M. Boddy came to her death by injuries received by being struck by an automobile driven by some person whose identity we have been unable to establish, on Jan. 10, 1921, at about 6:40 p. m., at the corner of Church street and West State street, in the City of Jacksonville, Ill., according to the evidence of witnesses, said automobile was traveling at an unlawful rate of speed."

E. F. Johnson was foreman of the jury, and the other members were: James H. Hall, Louis Lourig, David C. Claus, S. L. Perry and J. F. Claus, the latter serving as clerk.

Physician Testifies

The first witness called to the stand was Dr. A. M. King, who was one of the first to reach the scene of the tragedy. He stated that Mrs. Boddy died at Our Saviors hospital five minutes after she was taken into the dressing room, and before a thorough examination could be made of her injuries. A fractured skull, he said, was the cause of the woman's death. "I think that the car which struck her must have been moving at a rate far exceeding the speed limit," the physician added.

Joy Larue was the next witness. A portion of this witness's testimony was: "I saw an automobile coming from the west on the south side of State street, at a rate of 25 or 30 miles an hour. It was a touring car with side curtains on, and it was covered with mud. The headlights on the car were burning. The car was not a Ford, but a large car. I did not see the license plate. I did not hear any signal from the car which struck the lady. I did not see any tail light after it struck the lady."

McDougall On Stand

Fred McDougall, whose story at the time of the tragedy furnished police with all the clues they had was the third witness at the inquest. His story to the jury ran as follows: "On Wednesday night, Jan. 19, at about 7 o'clock I was walking East on the south side of West State street. When I approached the west side of Grace church my attention was called to a touring car coming from the west at a high rate of speed. In my judgment it was going 35 miles an hour. As it passed me the next thing I noticed was the car swerving suddenly to the north from the east side of Church street, and the driver straightened his car, continuing east at an increased rate of speed. When I reached the middle of Church street, going east, I noticed a man about 15 feet east of Church street on the south side of State, supporting the head and shoulders of a woman lying on the pavement. I asked him what happened and he answered that a car had struck the woman. The car that I have spoken of was the only car that passed. I did not see the car strike the lady."

Search Is Continued

The inquest was delayed several days by Coroner Rose, hoping that identity of the driver of the car would be established by some means. Since a few minutes after Mrs. Boddy's death at the hospital, Chief of Police Kiloran and members of his force have been working on the case. Burial of the victim and the holding of the inquest does not bring an end to the search for the driver of the car.

The city's reward of \$100 for arrest and conviction of the driver still holds good.

Both Chief of Police Kiloran and State's Attorney Carl E. Robinson were present at the inquest.

FORMER RESIDENT VISITED CITY MONDAY

Rev. Jesse R. Hastings, a former resident of this city, came up from Girard for a brief visit Monday. He is pastor of the First Baptist church at that place, and reports a successful year. At the annual meeting of the church held recently, over \$1,300 were raised for improving the building, and the labor thus far pledged by the members will bring the total amount to more than \$1,800.

The Girard church, under the leadership of Rev. Hastings, recently transferred its membership from the Macoupin county Baptist association to the Springfield Baptist association, thus going from an organization where most of the churches belonged to the southern wing of the denomination, to an association where all of the churches are in the northern convention. Rev. Hastings reports that since the change to the Springfield association, the church has done much better and more efficient work.

BAND GAVE FINE CONCERT PROGRAM

The concert program given by Jacksonville's new band organization Sunday afternoon at the opera house was enjoyed by a large audience. The program given has already been published. J. Bart Johnson, the director, and his men were generous with encores.

The entertainment was of a class which gives proof that the band can properly be counted among the assets of Jacksonville. Another concert will probably be given two weeks hence.

How Come?

A salesman came in to our place last week to sell us some solid blue, and stripe serges, beautiful cloth. We told him we were not in the market, although we confess his price was attractive, but we didn't feel like stocking at this time.

The upshot of it was, the salesman said "I'll send you several of these bolts of cloth, you tell your patrons what a wonderful value it is; you can have it at the price named you, and we'll wait for our money." Well, we said, "all right, send 'em along."

These serges are here; they're the finest for the money we've seen in many years—You'll say so!

We've got the old reliable solid blue, the striped blue and the striped brown—We want you to see them.

And the price! Say, you'll be most agreeably surprised.

Get a serge now, the old reliable serge, at the old price, have it made to measure. These are all medium weight goods.

WHAT TWO MEN CAN DO WITH A GIRL

Nance Oiden was a lonely orphan girl. A thief befriended her and taught her his craft. In gratitude for the first kindness she had ever known, she stole for him. And then one day after a daring escapade she came upon the Other Man. This man taught her the meaning of going straight, of self-respect, of an honest livelihood. Both men loved her for what they saw in her. Which would she choose? Don't miss seeing Bebe Daniels, the "good little bad girl," in "She Couldn't Help It."

Hammered Piston Rings

1 UNIFORM TENSION—Permanent and equal pressure against the cylinder walls is obtained by a special process of hammering.

2 HAMMERED—Every ring is hammered by automatic machines when cold, creating the outward tension by compressing the metal under the ball-point hammer marks. Heat not being used to obtain this tension, heat cannot take it away.

3 CONCENTRIC—The same thickness at all points of circumference. A perfect circle. Fits the piston groove all around, leaving no space for oil accumulation and carbon deposits, keeping the cylinder in absolute round.

4 ONE PIECE—American Hammered Piston Rings are one-piece step-cut rings—easily installed—not subject to the high breakage of multiple piece rings.

5 MATERIAL—All American Hammered Piston Rings are made of a special, close-grained gray iron, every lot of which is laboratory tested. This assures absolute uniform texture.

6 INDIVIDUALLY CAST—Every American Hammered Piston Ring is cast in its own separate mold—each ring individually.

7 TESTED—American Hammered Piston Rings are tested under the Brinnell system to insure uniform hardness.

8 DURABILITY—American Hammered Piston Rings because of their quality, take longer to wear in—therefore longer to wear out. Being of a slightly softer composition than the cylinder walls the wear comes on the ring and not on the cylinder, thus eliminating the need for re-boring.

These facts prove that American Hammered Piston Rings are leakless.
Can you afford to use a ring of less quality?

CROUP

Croup comes like a thief in the dead of the night when least expected. It may take hours for a doctor to arrive, and immediate treatment is necessary. That is why the careful mother always keeps a bottle of Glesco in the home. Glesco has stood the test of time. It has been used in millions of homes for years. It is a reliable remedy. Safe and sure in action, immediate in relief.

Glesco is guaranteed to relieve an attack of croup in fifteen minutes without vomiting. It carries the offending mucus out of the system and does not upset the stomach.

Ask your doctor about Glesco. Your druggist will tell you that there is more of it sold every year than all other croup medicines. It costs 50c per bottle and is worth ten times as much in time of need.

LIVESTOCK SURVEY IN ILLINOIS COUNTIES

Belvidere, Ill.—It will take 50 years to replace the horses on Boone county farms, J. C. Kline, Boone county farm advisor writes in the last issue of the Boone county Farm Bureau News. He continued:

"This fact was brought out by the recent livestock survey of the marketing department of the Illinois Agricultural association. The figures showed 5,995 horses on 995 farms in this county.

"A survey on 32,515 Illinois farms in 3 counties showed a total horse population of 238,546. The 45,412 brood mares only foaled 8,918 colts during the quarter ending July 1, 1920. If it is assumed that the average age of a horse is 13 years, it follows that a shortage of good farm horses will be inevitable unless the present output of farm raised colts is doubled. Continued inactivity in horse breeding on the farms of the corn belt may ultimately result in the prices of work horses rising to an almost prohibitive point."

Drs. Duguey of Springfield, came down Thursday evening for a visit with relatives.

John Vostmiller and George Bolton had business in Jacksonville Wednesday.

Mrs. Elmer Skeens of Beardstown, spent Tuesday night with Mr. and Mrs. W. M. Skeens.

The residence of Henry Votmiller north of Ashland, burned last week with all the contents. Mr. Votmiller is a brother of John Votmiller of this place.

The old fashioned dance given by the older people of the community Tuesday evening was well attended, and it is planned to have another next Tuesday evening.

Some of our younger set have decided there isn't much to the new style of dancing.

Mr. and Mrs. W. H. Stice returned from Waverly Monday after a week's visit with the parents of Mrs. Stice.

Misses Truth Votmiller and Alice Bryant spent Wednesday night with Elizabeth and Daisy Lind Scott, and attended the social at Durbin.

Vernon McLamar spent Wednesday night with Lawrence Smith.

Misses Corrine and Ruth Shirley of Clements, have been suffering with severe colds the past week.

Mrs. W. M. Skeens visited two or three days this week with her daughter, Mrs. Elmer Strawn, near Alexander.

ROOF FIRE MONDAY.

The fire department was called to the residence of Mrs. James F. Green, 908 North Main street, at 12:40 o'clock Monday afternoon. Fire had started in the roof by sparks from a chimney.

John Roberts, who operates a rug factory close by had the blaze practically out by using fire extinguishers before the department arrived. The damage was slight.

WOOL REFUNDS MADE TO LOCAL PEOPLE

Government Statement About Operators of Plants Accompanies Each—One Payment of Four Cents Made.

Several local residents have just received checks from the government of about the smallest value on record. One citizen received a check for 4c from the department of agriculture, and another a check for 5c. With each check was a statement indicating that a local firm made a profit considered excessive on wool in 1918. It is understood that this dealer as a

lations. The growers were to receive the value of their wool, as determined by the Valuation Committees of the War Department, based on July 30, 1917, wool prices, with certain deductions and allowances.

"The dealers were divided into two general classes—distributing center dealers and country dealers. Certain points were designated as distributing centers and dealers who received wool on consignment at these points were called distributing center dealers. There were 178 of these dealers. In the case of wool consigned to such dealers at distributing centers, it was provided that the consignor should receive the full value of the wool as determined by the War Department's Valuation Committees, as paid by the Government to the dealer, less any freight charges and interest on advances made. The Government paid the distributing center dealer a commission for his services, over and above the valuation placed on the wool by the War Department's Valuation Committees. Consequently in the case of consigned wool handled in accordance with the regulations there would be no excess profit made by the dealer."

"The Bureau of Markets of the United States Department of Agriculture is now refunding to wool growers the excess profits made by dealers who handled the wool clip of 1918 under the regulations of the War Industries Board. Many inquiries have been received regarding this work, and since probably 100,000 checks are to be sent out it is anticipated that in the absence of an explanation of the matter, there would be many additional requests for information. The small force handling the work would be unable to answer these inquiries promptly without delaying the refunds, and this general statement is therefore furnished in order that those interested may have a full understanding of the situation.

"Under its war powers, the government, in order to conserve the wool supply for military and public needs, early in 1918 asserted a prior right to the wool clip of that year. Regulations for handling the wool were issued on May 21 by the Wool Section of the War Industries Board. Every dealer who desired to handle wool that year was required to take out a permit and to agree to abide by the regu-

Social Events

Mr. Barmer Honored.

Mrs. George Barmer gave a small dinner party Sunday in honor of her husband whose birthday occurred on that day. About a dozen relatives and friends were invited to the Barmer home on North Fayette, where a most pleasant evening was spent. There was a large birthday cake in honor of the event and a delicious supper was served.

Miss Chiphase Hostess.

Miss Dorothy Chiphase entertained a number of Illinois College students Sunday evening at her home on West College street. About eight couples gathered informally and enjoyed a delightful six o'clock lunch, followed by a pleasant evening.

Miss Decker Entertains.

A number of friends were entertained Sunday evening by Miss Lucy Decker at her home, 236 East North street. The guests spent the evening in a pleasantly informal manner, pulling candy, playing games and enjoying music. Excellent refreshments were passed by the hostess during the evening.

Miss Loretta Piepenbrink

Soon to wed Donald Butler. Mrs. Frank Piepenbrink entertained at six o'clock dinner Sunday evening in honor of her daughter, Miss Loretta Piepenbrink, who is soon to wed Donald Butler.

About eight of the most intimate friends of the guests of honor were present and a most enjoyable evening was spent after dinner. Among out-of-town guests were T. P. Harmon of Peoria, and Fred Harr of Springfield.

College Hill Club
Studies Islands.

The College Hill club met Monday afternoon at the home of Mrs. H. M. Havenhill, on West State street.

The club is studying the different islands and island groups of the world, this year and yesterday afternoon's program included the study of the island of Madagascar. Mrs. George H. Putnam had a very interesting paper and it was followed by some informal discussion among the club members. During the social hour which followed daily refreshments were served.

Live Topic at Monday Club.

"The Monday Conversation club held its regular meeting yesterday afternoon at the home of Mrs. W. S. Jones on Mound avenue. The very interesting topic of the afternoon was "Best Sellers Since July." Mr. H. L. Caldwell was the program leader for the afternoon and during the course of her talk brought out the characteristics of "best sellers" and the reason why they are popular. Mrs. Caldwell also mentioned some of the most widely read books of the last few months and several of the club members reviewed the best new books. The hostess served refreshments during the social hour following the discussion.

Catholic Aid
Society Entertained.

The Catholic Ladies Aid society gave a card party and Monday night at Knights of Columbus hall. There were several hundred people present and the event was one of continuous pleasure. The officers of the aid society, which include Mrs. John Buckley, president and Mrs. Maurice Gorman, secretary-treasurer, are soon to retire and this was the last of the social occasions under their direction. Large orchestra furnished the music and refreshments of home made cake and coffee were served.

Utility Commission Grants Company \$2 Gas Rate

QUINCY COMPANY ALSO GETS RAISE

(By The Associated Press)
CHICAGO, Jan. 24.—The public utilities commission today granted the Quincy Gas & Heating company at Quincy, Ill., and the Central Illinois Public Service company at Charleston, Ill., permission to raise their gas rates approximately 7 percent. In no case was the increase granted as large as the rate requested in the petitions.

The new rate granted the Quincy company, the old rate and the petitioned rate follow:
5,000 cubic feet, new rate \$1.55; previous rate, \$1.45; rate asked, \$1.60.

Second 5,000 cubic feet, new rate, \$1.50; previous rate, \$1.40; rate asked, \$1.55.

Next 10,000 cubic feet, new rate, \$1.45; previous rate, \$1.35; rate asked, \$1.50.
The Charleston company was given a rate of \$2.00 for the first 3,000 cubic feet against a previous rate of \$1.35 and a requested rate of \$2.85. The next 1,000 cubic feet will cost residents of that city \$1.85, against an old rate of \$1.20 and a petitioned rate of \$2.75. The next thousand feet will cost ten cents less and there will be reductions of 10 cents for the next 5,000 cubic feet and for the following 15,000 feet.

**WELL KNOWN PEOPLE
MARRIED MONDAY**

Miss Mary Danison is bride of Charles W. Cully—Leave for Wedding Journey to Florida.

The marriage of Miss Mary Danison and Charles W. Cully was solemnized at 3 o'clock Monday afternoon at the home of Mr. and Mrs. Henry J. Smith on North Diamond street. Rev. M. L. Pontius, pastor of Central Christian church, performed the ceremony. The ceremony was said in the parlor of the home, where there were very pretty decorations of roses and carnations. As the Mendelssohn wedding music was heard the bride and groom stood before the minister and the impressive ceremony proceeded.

The company of guests included in addition to Mr. and Mrs. Smith and their little daughter, only Mr. and Mrs. Howard Cully and Gladys Cully. On a late train Mr. and Mrs. Cully left for St. Louis and will within a few days continue their journey to St. Petersburg, Fla., for a two months' stay, before establishing their home in Jacksonville.

Mrs. Cully has been for a number of seasons head milliner in the Smith millinery store and today can count a great many Jacksonville people as her firm friends. Mr. Cully is one of the well known farmers and business men of Morgan county and is a citizen of recognized worth.

Funerals

Russel.
The remains of Margaret Agnes Russel, aged 5 months and 6 days who died in Bloomington, arrived in this city Sunday, and were removed to the residence of William Nicol, 552 Hardin avenue. Funeral services will be held at the Nicol home at 10:30 o'clock Tuesday morning. Rev. W. H. March officiating. Interment will be in Diamond Grove cemetery.

The parents of the child, Mr. and Mrs. Martin Russel are former Morgan county residents. The mother is a daughter of Mr. and Mrs. Nicol.

Boddy.
Funeral services for Mrs. Anna M. Boddy were held from the Gilman Funeral home at 2:00 o'clock Sunday afternoon in charge of the Rev. Myron L. Pontius, pastor of Central Christian church.

Music was furnished by Miss Cora Graham, Mrs. Mae Hitt, C. L. Mathis and Charles Rowe. The flowers were cared for by Mrs. E. D. Pyatt and Mrs. Roy Craig.

Burial was in Diamond Grove cemetery the bearers being Les Switzer, Charles Rowe, John Hogg, Charles Boston, William Coultas and James Finch.

**CLOTHING COMPANY'S
INCOME DECREASED**

CHICAGO, Jan. 24.—Hart, Schaffner & Marx earned 11.87 per cent on its capital stock during the fiscal year ending November 30 compared with an earning of 13.11 per cent the previous year, according to the company's annual statement made public today. The decrease came despite the fact that the gross business was the greatest in the company's history, sales for the first six months along aggregating more than in the previous year.

The net income, the statement said was \$2,013,054 compared with \$2,200,218 the previous year.

Deaths

Burl.

The infant son of Virgil and Elizabeth Burl died at the family home, 342 Washington street at 11:30 o'clock Monday morning. Besides the parents, one brother, Herbert Burl and one sister, Emma Louise Burl, survive. Funeral services will be held from the residence at 2:30 o'clock this afternoon.

WITH THE SICK

Miss Caroline Beal who has been quite ill at her home, 832 South Main street, is greatly improved.

Mrs. Mabel Packard who has been ill for the past three weeks was able to return to her position at Rabjohns and Reid's dry goods store.

Mrs. H. R. Campbell of Virginia was shopping in the city yesterday.

GAINED 60 POUNDS IN A FEW WEEKS

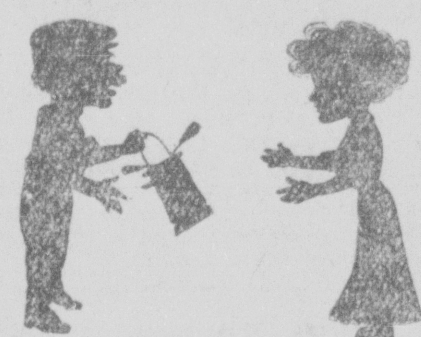

Cough was getting the best of him but he got rid of it quickly.

"I had a chronic cough for a long time, in fact it was getting the best of me. I could not find anything that would do me any good. A friend recommended Milk's Emulsion. The third bottle cured the cough completely, made me healthy and well and I feel like a new man. Before taking my Emulsion I was down to 125 pounds and now I weigh 185 pounds. I don't seem possible that 3 bottles of medicine would cause a man to gain 60 pounds but it is a fact."—Wm. Gilton R.F.D. No. 4, Chuckey, Tenn.

Mr. Gilton was "fortunate" in commencing to use Milk's Emulsion soon he did. A run-down system, indigestion, M. K's Emulsion costs nothing to try.

Milk's Emulsion is a pleasant, nutritive food and a curative medicine. It restores healthy, natural bowels, doing away with all need of pills and purges. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended by those whom sickness has weakened and is a powerful aid in resisting and repelling the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is often taken by spoon like by children. Truly wonderful for weak, sickly children. No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee:—Take six bottles here with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

CALIFORNIANS PROUD TO RECALL LOCAL DAYS

Former Residents Had Very Happy Time at Reunion Held in Los Angeles—Have Special Recognition to College.

(By HELEN KENNEDY.)

On Monday evening, Jan. 17, there gathered for dinner and a social hour in the auditorium of the Y. M. C. A. building, one hundred and fifteen of the former residents of Jacksonville and Morgan county, who are either now living in Los Angeles or spending a few months in California.

Rev. Arthur Rider, chairman; Mrs. Rider, and William Widenham, secretary, were moving spirits in bringing together so many who had at one time or another lived in Jacksonville or attended some one of its schools and colleges. Not even the rain overhead, nor the running streams underfoot, could deter those who knew the winter weather "back east." Many old acquaintances were found again, pleasant memories of college days revived.

Ravenswood, W. Va.—"For seven long years I suffered from a female trouble and inflammation as that I was not able to do my housework. I consulted several doctors but none seemed to give me relief. I read in a paper about Lydia E. Pinkham's Vegetable Compound so I decided to try it, and before the first bottle was gone I found great relief so I continued using it until I had taken eight bottles. Now I am very well and can do my own housework. I can gladly recommend Lydia E. Pinkham's medicine to suffering women."—Mrs. BERTHA LIERING, R. F. D., Ravenswood, W. Va.

The ordinary day of most women is a ceaseless treadmill of washing, cooking, cleaning, mending, sweeping, dusting and caring for little ones. How much harder the task when some derangement of the system causes headaches, backache, bearing down pains and nervousness. Every such woman should profit by Mrs. Liering's experience and try Lydia E. Pinkham's Vegetable Compound.

happy greetings heard on all sides.

After an excellent dinner, all rose and sang, "Illinois," with Mrs. Phoebe Kreider, Murray, at the piano, and later in the evening with equal enthusiasm sang the song of their adopted state, "I Love You, California." Interspersed during the program were two other musical numbers, solos by Mrs. Murray, accompanied by Ruth Widenham and the Illinois Woman's College song by former students of the college.

Dr. Rider called upon Miss Helen Kennedy, of the Los Angeles Public Library, for a brief review of the history of Illinois Woman's College and the present splendid standing of the college in scholarship as well as its material and financial success. A telegram from Dr. Harker was read and the audience responded by rising and drinking a toast to the Woman's College.

Professor Mendal G. Frampton, of Pomona College, spoke in behalf of Illinois College and the schools which have been merged with it—the Athenaeum, the Academy, and the Conservatory of Music, recalling many well known names in its history, and mentioning those who are now upholding its honor in cities all round the world. A telegram brought greetings from Dr. Rammelkamp in New York City and before the meeting adjourned answering telegrams were read to the Jacksonville Daily Journal, Dr. Harker and Dr. Rammelkamp.

Rev. William Douglas, of the class of '65, named several members of the original Yale Band as he had known them in his student days—Asa Turner, William Kirby, father of Capt. W. A. Kirby, of Jacksonville; J. M. Sturtevant, president of the college, and others, and gave glimpses into an interesting life and work of which we would gladly have heard more. Dr. E. L. Crispino paid tribute to the sons of Illinois whose names are well known in the medical world and Eugene Nelson, '00, referred to those whose names are known in the profession of law. Bishop Cranston and Professor Storrs were both detained at home by illness, tho both had hoped to be present.

In response to Dr. Rider's call for the "poet laureate" of Jacksonville, Mrs. Ida Scott Taylor McKinney read her poem reminiscent of old times in Jacksonville, the protesting she had not had time to finish her work satisfactory. Whether it was "Mapes' Mills" or the old Mound road or the distillery or the reservoir, each one found some chord of memory and old pictures brought to mind.

Time will not allow the mention by name of each one who rose in answer to roll-call, some long-time residents of Los Angeles like Mrs. Johnson, the Murrys, the Hobbits, the Ironmongers, the Kennedys, the Widenhams; some residents of a few months who have chosen this for their "future home" in spite of the chairman's reminder that Heaven is still to come, and some tourists like Miss Emma and Richard Reynolds, Miss Mollie Burns, the Hayden sisters, etc.

It was unanimously decided to perfect the organization and to hold such a meeting at least once each year. The temporary officers were made permanent with George R. Martin added as treasurer.

Before dispersing, all the former students of Illinois College and the schools now combined with it met and formed an association which shall keep in mind the needs of the college and shall bring together all who are interested in the success and development of Illinois College.

CONFISCATED LIQUOR PRESENTS BIG PROBLEM

Disposal of 200 Barrels of Alcohol and 100,000 Quarts of Whiskey Puzzles Michigan State Drug Commissioner.

Lansing, Mich.—By the A. P.—Two hundred barrels of alcohol, more than 100,000 quarts of bottled in bond whiskey, gin, coriols and other liquors, stored away by the state constitute a problem for Fred L. Woodworth, state food and drug commissioner.

The intoxicants have been seized by state authorities since Michigan became dry May 1, 1918. The more than 100,000 bottles are piled like cordwood in the basement of a building here and about them are grouped the 200 barrels of alcohol. The basement where the state liquor is kept is harder to break into than Jackson prison is to break out. There are bars over the clear windows and great locks on the doors.

More than 200 different kinds of whiskey are represented in the 100,000 or more quart bottles piled about the cellar. About twenty stills a day ranging in size from the kind that are lifted by means of derricks to those that may be carried easily by one man, are received at the building and stored away in the dark recesses of the basement.

Mr. Woodworth has a collection of ingenious articles used by bootleggers to smuggle whiskey from one city to another large enough to start a small museum. There are about 400 hot water bottles, a violin case concealing a tank to carry a gallon, milk cans with compartments for milk and other compartments for whiskey, and dozens of other articles that in their time served the purposes of whiskey smugglers.

Mr. Woodworth has asked the internal revenue officials at Washington to sell the confiscated whiskey to private firms that use liquor for medicinal purposes, the proceeds to be turned into state channels.

STREET CAR CONTEST WAGED FOR YEARS

Detroit, Mich.—By the A. P.—When city officials, guarded by 200 uniformed policemen, effected a forced crossing January 9, of the Detroit United Railway Lines with tracks of the municipal traction system, they brought into the open a street car controversy that has waged for years. The proposal to construct a municipally owned system has been enmeshed in lawsuits instituted by the company almost as soon as approval of a

EATS LIKE A WOOD CHOOOPER

"After many discouraging years of suffering from stomach trouble and bloating, in which I could eat only sparingly of the simplest food, I am now feeling entirely well. Thanks to Mayr's Wonderful Remedy which has done wonders for me. I can now eat like a wood-chopper and enjoy it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

\$15,000,000 bond issue was voted for the city system last April.

Detroit's street car controversy began years ago when the issue involved the rate of fare. It continued as the outstanding issue in practically every municipal election until with the authorization of the voters for a municipal system, it became a fight for control of the city's streets.

The charter's amendment approved last April contemplates construction of 100 miles of city owned car lines and to date about 20 miles of track have been completed. Despite the half dozen suits initiated by the Detroit United, Mayor James Couzens, who sponsored the municipal ownership plan, asserts the remainder of the program will be carried out in 1921.

GREETINGS, PETE!

Here I am tonight in Winston-Salem where more tobacco is manufactured than in any other place on the face of the earth!

When I knocked off for the day, I buzzed around like a hungry bee in a buckwheat field—up and down long streets of R. J. Reynolds Tobacco Co. factories!

As the Reynolds enterprise proved out more and more gigantic and I talked with more men about it, I got the real and true answer as to why Camels are so good and so entirely different from any other cigarette. I'll spin it for you, old top—listen:

Every man I talked with made the one big point that the officials and the more than 350 Reynolds foremen have an inborn knowledge of the tobacco business; that (putting it into a North Carolina expression) they were virtually "born and raised in a tobacco patch"; that they know tobacco; how to grade it, blend it, and how to manufacture and sell it!

And, what's most important of all, Pete, these Reynolds folks sure give men what they want—the best that can be produced! Why—Pete, it took months to perfect Camels Turkish and Domestic blend—and that refreshing flavor—and wonderful mild, mellow body!

Tomorrow, I'm going to meet some of the Reynolds folks. Got to see inside of those factories!

And, you know me!

Shorty.

A Doctor With Plenty Of "Horse Sense"

IT GOT THE WORMS
I am giving BLACKMAN'S MEDICATED SALT BRICK to mules and find it the best stock remedy I have ever used. One mule was so bad off she could hardly get up and she took very freely of it and was cured in a few days. I had two more mules I was thinking of clipping and I commenced using the MEDICATED SALT BRICK, and instead of having to clip them they shed off and out as fast as a butter ball.
It is the best stock remedy that I know of. Three of the bricks will last a horse 30 days and he gets his salt as nature calls for it three times a day; and it also purges him.

SEEK CORN.
We have had a wonderful season
at Mason City this year for
maturing seed corn with the re-
sult that we have the finest lot
of well dried 1920 crop of seed
corn that we have ever grown.
This corn is gathered early in
the fall and placed on drying
racks when it is very slowly
dried down to twelve or fourteen
per cent moisture content. This
gives corn of very high vitality.
We have been in the seed corn
business in a large way for over
thirteen years and have the lar-
gest and best equipped drying
plant in the world. Our down
town plant is in the center of
Mason City, right on the hard
road between Springfield and
Peoria. It is well worth a trip
to Mason City to see this corn.
Price, \$2.50 per bushel.
Write for beautifully illustrated
catalogue. Box 44.

BURLINGTON PROMOTES COURTESY TO PUBLIC

Long famous for employes and officials of more-than-ordinary courtesy the C. R. & Q. now has under way a campaign calculated to impress all employers and employes who come into direct contact with the public, with the importance of "treating the other fellows as you would like to be treated by them if your positions were reversed."

Commenting upon the subject, E. P. Bracken, vice-president in charge of operation, said: "In the management of a property requiring 60,000 employes, it is expecting too much that every one of them will be a 'perfect gentleman.' But, we are determined that the percentage of 'perfect gentlemen' in our employ shall be as high as we can possibly make it. The Burlington has no intention of knowingly and willingly continuing to employ a discourteous person."

A "boost the quota" message sent to employes by this official directs attention to the fact that: "There can be no question but that in our various capacities, we are in position to make or mar the reputation for courtesy and prompt service, so vital to successful dealings with passengers and shippers."

"Courtesy costs only a little personal effort on our part, but it helps to spell prosperity both for the company and its employes and sufficient increased appreciation from the public as a whole to repay us well, will be the reward for our thoughtfulness. And, as those who smile are more popular than those who don't, let us smile while we are about it."

LICENSE PLANNED FOR GASOLINE STATIONS

City Council Gives Ordinance Providing Regulation First Reading Monday Night—Other Matters Also Discussed.

The city council heard the first reading of an ordinance providing for the licensing of gasoline and oil filling stations at the regular meeting of the city council Monday evening. The ordinance was laid over under the rules until the next regular meeting.

An ordinance calling the municipal primary election was given a first reading and laid over under the rules. The date of the election is March 8. Other business of a routine nature was transacted.

When the clerk called the roll it showed all aldermen present with Mayor Crabtree presiding. The minutes of the last regular meeting were read and approved.

Appoint Delegates.
A communication from Mayor Thompson of Chicago, to Mayor Crabtree asking him to appoint representatives to the American Good Roads Congress and National Good Roads show to be held in Chicago, February 9 to 12.

Mayor Crabtree named, Public Engineer Henderson, superintendent of Streets White, Ald. Williamson, V. R. Riley, Roy Craig and John Snyder to attend the meeting.

Claims against the city were presented and all those properly approved were ordered paid.

Ald. Moore chairman of the fire committee, reported that the committee had investigated the cost of electric siren fire whistles and found they cost from \$550 to \$775. He did not feel like the city could afford to buy and it was deemed best to use the steam whistle which had been installed at the plant of the Railway and Light company. The report of the committee was approved. He also reported that the steam fire engine had been equipped with new tires and would be tried out soon.

Ald. McGinnis chairman of the public improvement committee, reported the contract for building the brick work for the new boiler in the old light plant for the purpose of heating the city buildings had been awarded to V. C. Chumley for \$95.05. The report of the committee was approved.

An ordinance prohibiting the use of roller towels in public places was given a second reading and adopted.

Ald. Moore called attention to the bad condition of the foot bridge over the Brook on Lorton street. Ald. McGinnis and Ald. Flynn called attention to a number of crossings in the First ward which were almost impassable because of mud. There was an extended discussion of these matters and they were finally referred to the highway committee for action.

To License Gasoline Stations.
An ordinance providing for the licensing of gasoline filling stations and regulating their conduct was given a first reading and laid over under the rules as was one calling a municipal primary election.

Ald. Cain explained the reason for the gasoline filling station ordinance. He said it was not the purpose of making money and the fee which is \$10 would not work a hardship on the owners of these stations. A number of garage men were present and discussed the ordinance. All of them agreed that its provisions were reasonable.

Mayor Crabtree called attention to the proposition of the city commissioners to hire an all time sanitary officer. The members of the council agreed that it was a good thing but expressed doubt as to the city being able to participate.

Talks of Auto Accidents.
Thomas Stevenson representing an automobile insurance company called the attention of the council to the number of automobile accidents that are occurring in West State street. Mr. Stevenson said an official of his company had asked him why it was that practically all of the claims the company had paid in Jacksonville were from accidents happening on that street. Mr. Stevenson was of the opinion that the council should do something to curb the speeders.

Mayor Crabtree told Mr. Stevenson that the council had the matter under consideration and that it was expected to appoint a motor-cyclist policeman at an early date. No further business appearing the council on motion adjourned.

REWARD!

\$20,200.00 IN CASH!

Search is being made for a certain young woman, believed to be residing somewhere in Illinois. Present whereabouts unknown.

IS SHE in Jacksonville?

The girl sought is young, beautiful, probably still single and it is believed may be employed as a clerk, stenographer or may be living with relatives. Every citizen in this vicinity is urged to aid in the search. Full details regarding description, reward, etc., will be published in next Sunday's Chicago Sunday Tribune.

MISS OLMSTED HOLDS IMPORTANT POSITION

Miss Florence Ward has received a letter from Miss Katharine Olmsted of Chicago in which Miss Olmsted says that she has been made Director of Public Health Nursing in the League of Red Cross Societies with headquarters in Geneva, Switzerland. Miss Olmsted will leave for New York, February first and will sail immediately for Switzerland where she will assume her new duties. While in Geneva she will direct the organization of Public Health Nursing, in thirty-two European countries.

Miss Olmsted was the first public health nurse in Jacksonville and her many friends in this city will be glad to know of her recent appointment to this position. Miss Olmsted is a woman of unusual ability in her chosen line of work and her many promotions and successes since leaving Jacksonville prove that her ability is widely recognized. The length of Miss Olmsted's leave of absence from this country is indefinite.

AUTOMOTIVE MEN PLAN FOR THE YEAR

Organization of Car Dealers Met at Dinner Monday Night—Officers Elected for the Year.

The Jacksonville Automotive Dealers association held its regular monthly meeting Monday night at the Dunlap hotel with practically its entire membership present. The meeting was presided by a turkey dinner served in the private dining room of the hotel under the personal supervision of Manager Rule. The dinner was admirably cooked and faultlessly served. After the members had been seated a flashlight picture was taken by Mollenbrock & McLaughlin.

The first business of the meeting was the annual election of officers and directors and the reading of minutes and reports by the secretary and treasurer, which reports show the association to be in a flourishing condition.

The officers elected for the ensuing year were: President, J. F. Claus; vice-president, L. E. Deppe; treasurer, J. G. Berger. Directors, R. W. Bluncke, L. F. O'Donnell and D. N. James. E. A. Olds was re-appointed as secretary of the association.

President Claus gave the members an outline of the work accomplished during the past year and presented tentative plans for the future. He was followed by the various members present, each of whom spoke in an optimistic vein and expressed the belief that with the coming of spring the automotive industry, as well as that of all other lines, would approach a nearly normal record.

The matter of an automobile show to be held this spring was discussed and the chair appointed as a committee to draw up plans and report. Messrs. O'Donnell, Deppe and Strawn.

The next meeting of the association will be Monday, February 28.

SIGMA PI SOCIETY MET.
Sigma Pi society held its regular meeting last evening in Beecher hall.

Floyd Lashmet gave one of the best declamations that has been given for several meetings. It was an anonymous selection entitled, "The Song of a Snow Bird."

Eugene Mellan and Mack Peters each gave a reading. The former one entitled, "The Boy Who Said, 'Gwan.'" by Guy Wintmore. The latter one entitled, "A Night in Ste. Pilagie," by Mary Catherine Wood.

Burrus then read an essay on "Dancing," and Andrew one on "Wireless Telephony."

Badger, Ferreira and Adams then extemporized on, "The Laming Problem."

The debate for the evening was postponed until a later date.

EUROPEAN RELIEF MAKES STRONG APPEAL

The Needs of Children Are Almost Beyond Description—Bloomington Business Men Plan Unique Banquet to Aid Fund.

Bloomington is to have a Hoover banquet with tickets from \$10 upward. Why not here also?

While the people of Jacksonville are doing something for the relief fund of central Europe, sponsored by Herbert Hoover, and also for the Armenian cause, it is doubtful if the contributions thus far total anything like the sum that could be given. The Jacksonville ministerial association inaugurated a campaign for these funds, asking for contributions thru organizations instead of following the house plan with its intensive work and numerous committees.

Some excellent contributions have been taken in local churches and various organizations have contributed. Some individuals have sent money to the state headquarters and others have made their contributions thru the Literary Digest fund.

Students of the high school and possibly the David Prince school are to have the opportunity of aiding these funds with subscriptions not to exceed \$1. But in some other cities more stress is being laid upon the European and Near East needs—that is, people as a whole, are working more actively and showing more interest.

In Bloomington, as indicated, a Hoover banquet is to be held next Friday and tickets are on sale for \$10 or more. The banquet menu will include rice, rye bread, coffee, milk or cocoa, served on uncovered boards.

It can readily be seen that the expense for such a banquet will be comparatively insignificant and the money spent for tickets will practically all go to the good cause. Bloomington business men are expecting to raise at least \$5,000 for the Hoover fund in this way.

There is no need for originality in an affair of this kind, so why wouldn't it be an excellent idea for Jacksonville to copy Bloomington?

A Chicago woman representing the central relief fund, which is headed by Mr. Hoover, spoke in a number of Jacksonville churches Sunday. Her word picture of the distress in central Europe was so vivid that her audiences were impressed with the great need and the obligations of Americans to make answer. There are 3,500,000 starving children in these countries. This condition obtains both because of the war and because of the crop failure. Among these children are hundreds of thousands of orphans as a war result. Many of them merely wander about in small bands seeking for something to eat. They are being fed in a systematic way and only those who physically need the food are receiving it.

The purpose of the movement is to keep these children alive until the time of the next harvest. It is estimated that one meal a day will accomplish this. The relief work is carried on systematically. A balanced ration is given. Each child is weighed and is passed upon medically. The purpose is not to feed them all they want or to make them happy. This would be too stupendous a task, and instead thru the \$23,000,000 fund it is merely hoped to keep the children from starving to death by giving them one well balanced meal a day.

Perhaps business conditions locally are not at the high tide of a year ago, but no one is starving and if all will give something, the sum total will be worthy of Jacksonville.

Hospitaller Commandery No. 31 K. T. will hold a special conclave this evening at 7:30 o'clock.

Mrs. Clyde Roach has recently been a guest at the home of her mother, Mrs. LaMaster, in Jacksonville.

Mrs. G. T. Litter is spending a few days with her daughter, Mrs. Harry Martin in Sinclair.

ALEXANDER BOY ACCIDENTALLY SHOT

Little Eugene Mason, son of Mr. and Mrs. E. E. Mason of Alexander, was slightly injured Saturday afternoon by a shot from an air rifle. The boy was playing in a shed when two boys came by with an air rifle. They discharged the rifle just as the lad appeared in the doorway. The bullet grazed the left eye. Dr. Schott gave the necessary attention and no serious results are anticipated. The boys did not know the Mason boy was in the shed and greatly regretted the accident.

REVIVAL SERVICES AT WOODSON CHURCH

The special revival services which have been in progress at the Woodson Christian church will continue for another week at least. The church was completely filled Sunday night and the pastor, Rev. L. H. Fuller, delivered a strong sermon. Mr. Fuller is conducting the services without assistance other than that rendered by members of the congregation.

MYERS BROTHERS.

COUNTY BOARD SELECTS JURY LIST

Members of the board of county commissioners spent Monday in working on the jury list. In drawing jurors to serve thru a period of months the board selects 10 per cent of the voters from each precinct and their names constitute the jury list, which under ordinary court conditions furnishes a sufficient number of names for 18 months to two years. The commissioners stated yesterday that they were making an effort to select men who had not been serving on juries in recent years.

The question as to whether women of Illinois are subject to jury service does not seem to have been definitely determined, so after looking into the question and advising with the state's attorney, the commissioners decided that the only proper course would be to select the jury list from male voters.

K. OF C. CEREMONIAL HELD AT ALTON

Class of More Than One Hundred Received Into Order.

One hundred candidates were received into the Knights of Columbus in Alton Sunday. Nearly 900 persons were present for the ceremonial and for the banquet which followed, many cities being represented. Most of the candidates came from Alton, Staunton and Gillespie. The third degree work was exemplified by the Jacksonville degree team staff under the leadership of District Deputy John J. Ferry. The banquet served at the Mineral Springs hotel was a very elaborate affair and the whole occasion was notable in many ways.

Among those from Jacksonville who attended were: John J. Ferry, P. H. Loneragan, John T. Ross, D. L. Bentley, John Fogarty, Joseph McGinnis, M. M. Reynolds, H. D. Lavery, D. Scott Sweeney, J. V. Kennedy, Thomas McManus and Carl Hamilton.
